

## 16 Man Team 2021 Recap

The 16 Man Team, a traveling match play team, moved to the A Division this year, after winning the League's B Division championship last year. We were matched against New Prague, Fountain Valley and Brookview, who we played twice. Scheduling complications for the members of our team posed a serious obstacle to our success this year, partly due to Sunday matches often conflicting with members' attending church services and other family activities. However, even in matches where many of our better players were absent, we were usually close. Our most gratifying match was a victory against Brookview, a team that had previously beaten us-- at Brookview. The victory in the revenge match was secured by a single point from the last group! We expect to improve our record next year if we can resolve our scheduling conflicts.
